Dear Claire:

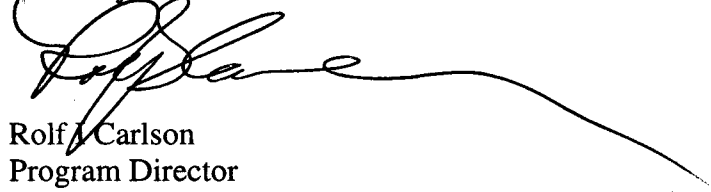

Enclosed please find a few missing costume pieces from our recent production of Les Miserables School Edition at the Braintree High School. Included are the second costume for Eponine, a hat and part of the bodice from one of the whore costumes.

At this time I would also like to thank you for your help and the wonderful service that you provided. You literally saved the show. As you know several major commercial theater costumers advertising "millions of costumes" were unable to help our production after claiming they were sold out of costumes for Les Mis. It is a testimonial to you that you were able to put together the important costumes for this show using your knowledge, experience and imagination together with your comprehensive stock when others wouldn't because they could only offer packaged products. This flexibility should serve you well in the future and was instrumental to us being able to outfit this production. The show looked gorgeous and I could not have asked for better.

Per your request I am enclosing some prints of the show. They were taken with a digital camera during a production so they are not posed costume shots. I will also email you some of them for your website.

Again thank you for everything and I will look forward to working with you in the future.

Sincerely,

Rolf Carlson
